Subject: AIR TESTING IS GETTING SET UP .....

Hi all,  
Just to up date Richard,Jae and Karen,  
We are hiring a professional to set up ,calibrate our air testing  
units ,that will be set up at couple different locations at the home  
sites of people tested positive with Timber industry poison  
pesticides.  
We are using state of the art equipment,that EPA uses.

TE-1000PUF..... complete system  
TE-5040 PUF calibration kit.  
TE-QMA4 micro-quartz media  
TE-1009...glass cartridge w/ steel screens.  
Will be set up by a professional,all done legitimately.  
We'll have a base sampling done first.  
We are looking forward to share this information with you!  
Thanks,  
Dan and Maya  
p.s. We are taking charge to test the most important element ,since we  
know that AIR is the MAIN pathway that our families are being  
sickened  
by the constant low pesticide exposure ,through revolatalization of  
poison soaked mountains,even months and years after so called spray  
"season".
